MULTIPLIER EVENT

The EMPOWER project has as main objective the training and awareness of formal and informal Caregivers (family members) and of people with disabilities dealing with on the inclusive management of disasters in the event of natural disasters. We organized a multiplier event at the Milan office of CSF, where we take care of various people, Social Workers and people with disabilities of all kinds including sensory ones who are looking for a job.

The event saw the attendance of 31 participants, in different moments including Social Operators who work with the world of disabilities. The interest shown by the participants was very high, the results and tools of the project were shared.

The presentation of the project activities was well understood by all the participants who found the informative materials, practical and suitable for people with different disabilities and sufficiently understandable to all. The use of simple language, clear instructions was particularly appreciated and the use of visual and auditory aids, visual and multimedia elements, the inclusion of visual and multimedia, images and videos, subtitles was very useful for people with cognitive disorders or reading difficulties.

Some criticities are emerged about vodcasts synchronization for people with visual and hearing impairments but but overall the judgment was good
